

STAY IN TOUCH AND SAVE MONEY!

Commercial two way radios can keep you in touch at your facility or remote job site. Your team will be on a party line so that all members will know the locations and assignments of each associate. You will own the equipment! Monthly bills and service charges are eliminated! Commercial radios can also replace the low power consumer radios for job sites and personal uses like hunting, trips to the mall and car to car communications.

For over **60 years RADIO COMMUNICATIONS COMPANY** has helped Southwest Virginia communicate on the job site. Find out why the operations manager of a new customer says that the 30 radios purchased for his warehouse *“has changed his life by making his team more efficient”*.

RCC has recently helped the following industries:

- Heavy Industry
- Construction
- Warehouse
- Education
- Hotels
- Public Safety—Federal, State, City and County
